Subject: **Request for Consideration Regarding Minor Project**

Respected Sir,

We, the undersigned members of the minor project group, sincerely apologize for the inconvenience caused. Two of our teammates, Rajendra Pd. Joshi and Pankaj Joshi, are suffering seriously from a viral infection i.e, cold and cough, making it impossible for our group to participate in the presentation scheduled for 15th Asoj.

Our health situation has prevented us from finalizing important tasks such as preparing the slides, writing the report, and addressing bugs in the app.

Due to these unforeseen circumstances, we kindly request a little time to recover and adequately prepare for the presentation. We assure you that we will be ready to present as soon as possible without causing any significant delay.

This project is crucial to our academic journey, and we have put in great effort to complete it. We humbly ask for your understanding and consideration of our current health circumstances.

Thank you for your support.

Yours sincerely,

Project Team - [Pankaj joshi, Rajendra Pd Joshi, Bhuwan Chand, Ishwor Nath, Bhawana Chand]
